Transcript Review for Secondary Science Endorsement

If your college major was science: The Science Endorsement requires 32 semester hours, including a major from a regionally accredited institution. Please check the content area below that was your college science major:

- ___ Biological Science
- ___ Chemistry
- ___ Earth Science
- ___ Ecology
- ___ Geology
- ___ Physical Geography
- ___ Physics
- ___ Other science major (specify) _____

In addition, at least 6 SH of college level mathematics is required; statistics courses may be included. List courses and grades received below:

If your college major was not science: You may still be eligible if you have enough science course work. For a candidate without a science major, items I, II, and III below are all required.

I. 24 SH including 10 SH laboratory work and 9 SH upper level in one of these areas: Biology, Chemistry, Earth & Space Science, Environmental Science, or Physics. Use the table below to select the science content area you emphasized most, and list the applicable courses.

Class of 2011 Secondary Transcript Analysis Notes

Thank you for your interest in the AUSL Urban Teacher Residency Program! Our program will prepare you to be eligible to obtain your Illinois professional teaching certificate Type 09 - Secondary, which is valid for teaching children from grades six through twelve. Mail all requested materials to us by the Supplemental documents deadline for your chosen review cycle.

- 1) To complete the worksheet, obtain a copy of your transcripts from all of your college or university course work, including any post-graduate work.
- 2) "SH" stands for "Semester Hours." For most colleges and universities on a semester calendar, 1 Semester Hour = 1 credit, so a typical 3 credit, one semester course is worth 3 Semester Hours.
- 3) If your college or university was on the quarter system, use the following formula to convert quarter hour credits to semester hour credits:
 - 5 quarter hours = 3 1/3 semester hours
 - 4 quarter hours = 2 2/3 semester hours
 - 3 quarter hours = 2 semester hours
 - 2 quarter hours = 1 1/3 semester hours.
- 4) A grade of "C" or higher is required to receive credit for a course. Courses in which you received a grade of "C-" or lower are not considered as evidence of meeting requirements, and therefore should not be included on this form.
- 5) Some content area worksheets specify that a portion of the SH requirement must be from "upper level" work. This means courses that are typically for junior/senior college-level students.
- 6) If you are missing coursework, National-Louis University will permit AUSL Secondary residents to fulfill certain requirements through online or other class work, which you can arrange to complete before the program begins in June 2010.
- 7) If any of your transcripts and credits are from educational institutions outside the United States, you must have your transcript evaluated by a special external provider. Credits from overseas study sponsored by your U.S.-based institution, and which appear on your U.S.-based transcript, are not subject to this special review. You are responsible for having your foreign credentials evaluated. A listing of state-approved evaluators can be found at www.isbe.net/certification/html/foreign_credential.htm. Educational Credential Evaluators and World Education Services are the organizations most used.
- 8) If you received Advanced Placement credits from pre-college work, you may only use these semester hours towards the requirements on the worksheet if you received college credit for them and it appears on your college or university transcript.
